PRINT WORKSHOPS SPECIFIC

What are the hazards?	Who might be harmed and how?	Controls in place	Additional controls to manage risk?	Notes
Spread of COVID-19 Coronavirus	Staff Resident studio artists Members of the workshop Tutors Course attendees Artists General visitors Contractors e.g. gas/electricians/rag and sanitary bin pick up/ Vulnerable groups – Elderly, Pregnant workers, those with existing underlying health conditions Anyone else who physically comes in contact with the	In addition to all above: <ul style="list-style-type: none"> All members must wear face coverings while working in the print rooms, unless exempt. Arrivals – members arriving at the same time must maintain social distancing and be patient. One person MAX in each print room at any one time. (incl. dark room and paper prep area) Members not permitted access to shop area (behind kitchen) – ask technician who will get materials for you. Contactless card payments only, wherever possible. Card machine sanitised after each use. 	<ul style="list-style-type: none"> New online bookings system in place which reduces overlap between members Members who need to access equipment in a different print room during their session to make the user of that room aware that they are coming in, and maintain a distance of 2m at all times. Print rooms checked at end of day by technician – surfaces wiped down. WYPW to have a stock of PPE which members can buy at cost if they forget their own Boxes in each print room for members to put all equipment used so that technician can keep track. All items to be cleaned 	PPE members will need to bring: Cleaning screens: <ul style="list-style-type: none"> P3 respirator mask Rubber or nitrile gloves Goggles Ear defenders Apron Using solvents: <ul style="list-style-type: none"> Gloves – disposable provided in workshop but members may want to bring their own. Aquatint: <ul style="list-style-type: none"> P3 respirator mask Gloves

	<p>workshop in relation to your business</p>	<ul style="list-style-type: none"> • Members no longer allowed in the WYPW office unless specifically invited. Payment transactions should be done outside the office. • All communal PPE removed from print rooms incl. aprons, respirator masks & gloves. Goggles and ear defenders available to use if members forget. Labelled with date used at end of session and put into quarantine for 72 hours in dark room. • Members to bring their own labelled PPE relevant to task and take away at the end of their session. For cleaning screens or using aquatint, a P3 mask is necessary. For using solvents in the etching room, nitrile gloves are necessary. If members do not have the correct PPE for the task they will not be able to do that part of the process. During transition technician will help by cleaning screens for members however members will be expected to buy and bring their own in the near future. • All members to allow time at the end of their session to wash hands and wipe down surfaces – at least 10 mins. 	<p>down and put away by staff on duty at the end of session.</p>	<p>Etching using copper sulphate or Edinburgh Etch:</p> <ul style="list-style-type: none"> • Rubber or disposable gloves • Goggles
